

BRITISH STEAMER

Sunk by Vladivostock Squadron

CLOSING IN ON PORT ARTHUR

Russians Badly Defeated all Along the Line and are Constantly on the Retreat

ANOTHER BRITISH STEAMER SUNK.

Vladivostock, August 2.—The Vladivostock cruiser division returned to the port at four o'clock yesterday afternoon.

They captured during their cruise the steamer Arabia and destroyed some schooners, a small Japanese steamer and one British steamer. The last mentioned two were carrying contraband and had nearly reached their destination, Yokohama, but were almost without coal, and it was impossible, therefore, to send them to Vladivostock. The cruisers were in perfect condition.

KUROKI VICTORIOUS.

Tokio, August 2.—After two days' fighting General Kuroki has defeated the Russian forces in two separate actions fought at Yushulikzu and the Yanso pass.

ST. PETERSBURG GLOOMY OVER RUSSIAN DEFEATS.

St. Petersburg, August 2.—The feeling at the war office was distinctly gloomy this morning. No official telegrams had been received by the General Staff from General Kuropatkin, who was communicating direct with the Emperor, but from private sources at the front it already was apparent that Simonschen, 15 miles southeast of Hai Cheng, at the junction of the Feng Wang Cheng and Su Yen roads, had been lost, General Stakelberg's outposts having fallen back to Hai Cheng. No word was received enabling the staff to either confirm or deny the reported capture of the late General Count Keller's position at Ikhuven, east of Liao Yang, and Yangse pass 30 miles east of Liao Yang, but heavy fighting continues on both the southern and eastern fronts, with the object of the Japs in the east being to flank General Keller's corps from the south and north, which is easily possible. The progress of the enveloping movement may have forced the corps to retire on Liandianshan, which is the next position in the direction of Liao Yang.

JAPS MAKING HEADWAY.

Tokio, August 3.—It is reported here that after two days of desperate fighting, the Japanese have captured Shuntaihow, one of the important defences of Port Arthur.

RUSSIA WITHDRAWING.

Liao Yang, August 3.—After a fierce battle the eastern Russian force has evacuated Fang sen Ling, six miles west of the Motien pass.

CZAR'S FORCES SEVERELY DEFEATED.

Tokio, August 3.—General Kuroki has administered a severe defeat to the Russian force which defended the Russian east flank at Liao Yang Wing. Separate actions took place at Yushulikzu and the Yangtse pass. These two places are 26 miles apart, but the two actions were fought at the same time. The Russians held strong positions.

The thermometer registered over 110 degrees Fahrenheit and the soldiers suffered cruelly from heat exhaustion.

At Yushulikzu the Russians had two divisions of infantry and some artillery, and they resisted the Japanese assaults vigorously. Both attacks were begun at dawn of Sunday, July 31st.

WAR IN EARNEST.

At Yushulikzu the Japanese carried the Russian right and left wings but on account of the strength of the main Russian position they were unable to press the attack. The two armies rested Sunday night facing each other. At dawn on Monday the Japanese resumed the attack and by noon they had dislodged the enemy and had driven them back four miles to Luoho Lang.

At Yangtse pass also the Japanese were successful. The artillery opened on the enemy and the infantry moved forward from Makumaza.

JAPANESE OCCUPY ENEMY'S POSITIONS.

This place was made at one o'clock on Sunday and by nightfall the Japanese were in possession of the majority of the Russian positions although the enemy had resisted with determination. The Japanese force passed the night in battle formation and another assault was made by 8 o'clock Monday morning.

The Yangtse pass and surrounding heights have been captured. St. Petersburg, Aug. 2nd.—Terrible gross mismanagement has been discovered in the army contracts and hundreds of cars have gone astray.

Pillenstad, Island of Curacao, August 2nd.—The German minister has demanded the immediate payment by the Venezuelan government of the interest on the amount of the award to be paid to Germany, as stipulated in the Protocol, signed by Minister Bowen in 1903. Otherwise the German minister will leave Curacao August 3rd.

Liao Yang, August 3rd.—According to the information received here the Japanese received a cordial welcome from the British residents upon the arrival of the former at Newchwang. A formal greeting was extended to them by the British Colony, headed by the Consul of Great Britain.

PARLIAMENT

Ottawa Correspondence:

W. F. McLean's Railway Proposals

The proposals of W. F. McLean, Conservative M. P. for East York and proprietor of the Toronto World, to amend the Railway Act, were voted on yesterday at the third reading of the government amendments to the Act.

Express Companies and the Railway Commission

Mr. McLean's first motion was to place express companies under the control of the Railway Commission. As the subject had been discussed on a previous occasion there was no discussion at this time. The contention on behalf of the motion was that as express business is transportation, and therefore of a similar nature to railroad business, it is as necessary that it should be controlled, and the Railway Commission offers a ready means of control.

On the other hand the express business is not at all of proportionate importance to the freight and passenger business of railways. It is carried on by other means of transportation as well as by railways; it, therefore, cannot be controlled by the Railway Commission under its present powers, and it is considered doubtful policy to load the Railway Commission with larger duties until it has demonstrated its usefulness in connection with purely railway matters.

The motion was defeated by 72 to 34. Messrs. Scott and Schell, Liberals, voted for the amendment, and Messrs. R. L. Borden, Lennox, Barker and Pringle, Conservatives, voted against it.

Two Cent Railway Passenger Rate

Mr. McLean then moved for the adoption of the Michigan law in regard to graduation of passenger rates according to the earnings of the railway. This was opposed by Mr. R. L. Borden; first on the ground that the Railway Commission had been empowered to deal with the question of passenger rates and should be given an opportunity to work the question out before action should be directly taken by parliament. Speaking of the Michigan law, he said that unless the conditions in Canada were similar to those in Michigan he did not feel like going to Michigan for his law. Michigan had 7,000 miles of railway, while Canada, having ten or twenty times the area, had 19,000 miles. There were many things to be taken into consideration besides the mere wording of the law. For instance, the 7,000 miles of railway in Michigan received over a million dollars a year for the carriage of mails, while the 19,000 miles of railway in Canada received only \$400,000 a year for the carriage of mails. Under Mr. McLean's proposal no railway in Canada would be required to carry at two cents a mile and traffic on the Canadian Northern and Canada Atlantic would have to increase ten-fold before the two cent rate would be reached.

Boyd, Conservative, of McDonald, Manitoba, disapproved of the motion.

The province of Manitoba had entered into an arrangement with the Canadian Northern Railway by which a three cent rate was secured. If the rate was reduced below that point the province would become responsible for losses in the operation of the railway. He did not approve of catch motions and would vote against this one.

The motion was defeated by 95 to 17.

The Bell Telephone Monopoly

Mr. McLean's third amendment was to relieve any telephone company placing a phone in a railway station from payment of damages to the Bell company because of its monopoly agreement with the C. P. R.

The Minister of Justice admitted the justice of Mr. McLean's proposal, but said that it should not be voted on until the decision had been secured from the Supreme Court as to whether or not the agreement between the Bell Company and the C. P. R. was valid.

The amendment was defeated by 74 to 25.

A number of government supporters voted for the amendment, including Messrs. Beith, Scott, Heyd, Oliver, Smith of Vancouver, and Pultee. Mr. R. L. Borden was not present when the vote was taken.

Estimates

The afternoon and evening sittings were occupied with the estimates of the Railways and Canals department and the Public Works department. Fair progress was made.

July 27th.

BRITISH IMMIGRATION

During the proceedings in the House of Commons on July 21st, while the subject of immigration was under discussion, Mr. Oliver spoke as follows:—

"Before the item passes I wish to say a word regarding a matter which was adversely criticized somewhat earlier in the day, that is as to the measures taken by the immigration department during the last two spring seasons to induce the movement of a desirable class of people from the British islands. The department had sent over early each spring a number of practical and successful farmers to different parts of the Old Country for the purpose of inducing a proper class of agricultural immigrants to come to Canada. I was sorry to hear those measures criticized adversely this afternoon. I wish to put on record my belief that this is the most effective method the department has yet adopted to induce a desirable class of British immigrants to come to this country. I believe we all agree that the system previously followed, of resident agents in the Old Country, was largely a failure; and we must also admit that the practice of paying a bonus to steamship companies was largely a failure. Both these systems were failures for obvious reasons. I believe that by bringing in contact with the agricultural population of the British islands, successful farmers of this country, there is a reasonable probability of our securing the class of immigrants we most desire. I do not know whether the department intends to continue this system, but I would not like this item to pass, after having heard the somewhat adverse criticisms that were made, without giving my strongest endorsement to that system which has been adopted recently and which, I am satisfied, has already been productive of very good results. But we can reasonably expect that it will be productive of much better results as time goes on, if the system is continued and as the agricultural population of the Old Country become more intimately acquainted with the actual farmers who have made a success of farm life in our western country.

I believe it would be a good idea to include in these excursions farmers from eastern Canada; but speaking of and for the west, I would certainly as a western man, endorse most strongly that system of inducing immigration. I do not consider that the expense so

far incurred is at all out of proportion to the benefits likely to accrue. In fact I think that a very large part of the money which has hitherto been spent for immigration purposes in the Old Country, both in the employment of permanent agents there and in paying bonuses to steamship companies, was money absolutely thrown away or worse than thrown away. Whether this amount that is now being spent is large or small, it is being spent for a good purpose, and there is every reason to expect that it will produce a good result."

CLOVER BAR

A football match was played at Horton's store on Saturday evening last between Agricola and Clover Bar teams. The game was well contested, but Clover Bar carried off the laurels, the game being 1 to 0 in her favor.

Barley is ripening very fast and some will be harvested in a few days. Beatrice Swift, aged eleven years, has been taken to the hospital in Edmonton to undergo an operation for tuberculosis of the glands of the neck.

The second annual lawn social and entertainment given under the auspices of the Epworth League of Clover Bar Methodist church will take place on August 17th, in the afternoon and evening. Tea will be served in the evening on the lawn at the church if the weather permits. A good entertainment will be furnished after tea. Besides the local talent, the Rev. T. J. Johnston of Strathcona, and Rev. A. R. Aldridge of Fort Saskatchewan have been invited to be present and give addresses. The admission fee is 25 and 15 cents.

COUNCIL MEETING

The city council held their regular meeting in the usual place last night. Mayor Short and Councillors Fraser, Grierson, Picard and Ross were present. The minutes of the last regular meeting were read and adopted.

E. Frigon's offer of \$35 for the shack formerly occupied by the power house engineer, was refused. It was decided to move the building to the end of the street.

Powell's claim against the city re his water delivery system was taken up. The compromise suggested was accepted. Mr. Powell will receive \$600 and will pay all back taxes and charges for water used. He will be allowed to retain his office in its present position until January 1st, 1905.

Several offers for city debentures created a long drawn out discussion. The offers were not accepted.

Dr. Braithwaite's report to the General Hospital sewer was submitted and read. The hospital authorities agree to make the necessary alterations in the sewerage arrangements. The town accepted this settlement provided there will be no cause for complaint by the surrounding property holders.

A communication from F. Oliver, M.P., regarding the piling of the river bank below the bridge, was received and read. It was referred to the mayor and city solicitor to be dealt with.

It was decided to move the market scales to the power house and to call for tenders for new scales of twelve ton capacity for use at the market square.

The secretary treasurer was requested to inform the Berlin Cigar factory that no bonus would be granted them as Edmonton already had such a factory.

After considerable discussion it was decided to call for tenders for the grubbing and plowing of two acres of the nuisance ground property for city nursery purposes.

The town engineer reported the completion of a quarantine hospital at a cost of \$351.86. The report was adopted.

A long discussion took place on the extension of the waterworks system to serve the Edmonton brewery. No definite action was taken.

E. D. Grierson, proprietor of the Alberta hotel, made application for the laying of a cement sidewalk around the hotel as a local improvement work to be paid for by frontage tax. The council favored this being done and suggested that the life of the sidewalk be computed at 20 years. The question was referred to the Board of Works committee to submit a report.

By-law 274, regarding the installation of water and sewer service connections, was given its third reading and finally passed.

By-law 275 to amend the license by-law, was read a third time and finally passed.

By-law 276, to provide for the raising of \$25,000 for this year's sewer service extensions, was read a third time and finally passed.

By-law 277, to provide for early closing, was given its third reading and was finally passed.

The finance committee's report was adopted.

The meeting then adjourned, to meet tomorrow afternoon at four o'clock.

Law and Order. A Contrast

Herald:

The new settlers who have come into Alberta from the overflow of the rush to the Rosebud reservation opening tell curious stories, revealing the disorder prevailing at Bonesteel, S.D., on the edge of the homestead land.

The western town found its population increased many thousand in a week. To meet the increased expenditure the officials licensed skin games and all kinds of grafts. Then they took the money paid for the immunity enjoyed by the thugs and paid policemen to watch them. But the rascals

declined to keep order, fought the police, routed them and proceeded to shoot up the town.

They did not propose to be deprived of their victims for which they had paid for the privilege of looting. The idea that persons who have paid for the privilege of breaching the law will submit to the enforcement of the laws by the same officials who have taken their money is ridiculous. When a city accepts tribute from criminals it should be prepared for just such interesting spectacles as Bonesteel furnishes. One mounted policeman could have kept the whole crowd of bootlegs and grafters quiet.

An amendment by Logan regarding the calling out of troops to quell disorders, was carried.
Arrangements have been arrived at to prorogue on Saturday or Monday next.

A PRETTY ROMANCE

REV. A. CHISHOLM

Of MacGregor, Manitoba, to wed one of Ottawa's Most Accomplished Young Ladies

Bulletin Special Dispatch.
Ottawa, August 3.—A pretty romance has leaked out here.
Lea Lawew, an accomplished Ottawa girl, being educated in music at Paris under the patronage of Lord Strathcona, went over to Scotland on a visit and met with a Presbyterian minister, the Rev. A. Chisholm of MacGregor, Manitoba. It was a case similar to that of Carmichael in "The Bonnie Brier Bush."
The couple fell deeply in love. The minister went to Paris, proposed and was accepted. The parents and friends of the girl objected on religious grounds, but love knows no barriers, and she is now in the west, having left but a few days ago to meet her minister.

Rev. Mr. Chisholm is well known in Edmonton, having attended the meeting of the Grand Lodge of Manitoba and the Northwest Territories, A. F. & A. M., here a short time ago. At this Grand Lodge session Mr. Chisholm was elected Masonic Grand Master for Manitoba and the Territories.

Six Heats Necessary to Decide the Great Race. Harry O. Down the Line

Bulletin Special Dispatch.
Winnipeg, August 3.—It required six heats to decide the supremacy in the second big free for all harness race at the Dominion fair meet yesterday, and Harold H., the fast pacer owned by R. J. Mackenzie of this city, carried off the honors. Harry O., who lowered his colors in the event of last Friday, was able to catch only third place.
The winner was practically an 8 to 2 favorite in all the heats and con-

INQUEST HELD

IN STRATHCONA

Jury Brings in a Verdict of Death from Natural Causes

The Total North West Mounted Police were informed by the coroner yesterday that a child had died in Strathcona under peculiar circumstances. Inspector Erickson and Corporal McLeod, accompanied by Chief Dean of the city police drove across the river and held an inquest at one o'clock yesterday afternoon.

A jury was empanelled which consisted of the following persons, J. M.

siderable money was dropped by the poor judgement of the uninitiated, who were fooled by the manner in which heats were split.
There were five other events on the card which were good ones. Red Spinner, owned by O'Donohue of Brandon, fell in the sixth race and broke a leg.

FOUR PRISONERS

SENTENCED AT CALGARY

Chief Justice Sifton Imposes Heavy Sentences. Three Years for horse Stealing

Bulletin Special Dispatch.
Calgary, August 3.—Chief Justice Sifton had four prisoners arraigned today. All pleaded guilty and were sentenced as follows:
Michael Bodner, three years at Stony Mountain for stabbing a miner named Ruly at Canmore.
Samuel Bruneau, three years for horse stealing.
John Percy, one year in Regina jail for stealing from the Hudson's Bay store.
Thomas Rife, one year for obtaining board under false pretences.

Douglas, foreman; John H. Tanter, C. Sugarman, J. H. Verdict, W. Richards and A. McLean.

After hearing a number of witnesses the jury brought in a verdict of death from natural causes.

The deceased is the three-year-old child of Mr. and Mrs. Gilbert who came to Strathcona from the old country three months ago. They had three children. Mr. Gilbert immediately left for London for Battleford leaving the children with his wife in Strathcona and shortly afterwards Mrs. Gilbert went to keep house for a man by the name of Scott who lives on the outskirts of Strathcona. Scott is a widower and has two children.

The child died on Monday night and the inquest was the result of certain rumors being circulated regarding the couple.

HALF HOLIDAY

A petition with the following preamble has been very extensively signed by the merchants and business men of Edmonton:—

Whereas the Strathcona Industrial Association has applied to the council of the town of Edmonton to have a civic holiday proclaimed for the afternoon of Wednesday, the 10th day of August, 1904, to enable the citizens of Edmonton to attend the Strathcona Fair.

And whereas the business men of Edmonton are desirous of co-operating in the matter of securing the success of the said Fair and it has been decided to obtain the signatures of the business men and merchants of Edmonton with a view to closing for the occasion without the necessity of proclaiming a civic holiday for the occasion.

Therefore, the undersigned agree to close their respective places of business for the afternoon of Wednesday, the 10th day of August, 1904, for the purpose aforesaid.

POLO TOURNAMENT

Commencing on August 30, a polo tournament will be held in Calgary, which will last for a week, the intention being to hold a polo gymkana closing the week of the tournament.

The High River and Millarville teams will be present, and it is probable that Livingstone, Virden, Edmonton, Grand Prairie, Regina, Pincher Creek and Macleod, who have been written by the secretary of the Calgary club, will put in an appearance. It is expected that this will be the biggest gathering of polo men in the Territories.

Forest Fires in the Crows Nest

Blairmore, Alberta, August 1.—Forest fires have been raging throughout the Crow's Nest Pass the past week and unless heavy rains intervene to prevent it, the inter-mountain region is certain to suffer heavy loss. The damage already done is considerable, but it is of small account by comparison with what may be expected should the fires spread to the more heavily timbered sections of the mountains, as now seems likely.

For several days the safety of Blairmore and Frank was in great jeopardy and every available man in both communities was called out to assist in checking the progress of the fires and saving the towns. The Canadian-American company at Frank the management of the French syndicate operating at Bellevue, and the management of McLaren's mill west of Blairmore, all closed down their works and placed their entire forces at the disposal of the authorities. Damage to the towns was averted, but the French company lost their boarding and bunk houses at Bellevue and numerous minor losses are reported. The timber limits of Senator McLaren are reported to have been badly damaged.

The fire zone extends from Cranbrook to the easternmost limit of the pass and in that area a large amount of valuable timber has been destroyed. Along the railroad the fires have been checked to a large extent or have burned themselves out, but they are now reported as spreading to the extensive timber tracts further into the mountains and unless the much needed rain comes the timber interests of Alberta and British Columbia will be disastrously affected.

Calgary Street Railway

Albertan: The people who are contemplating a street railway in Calgary mean business, and they mean to do something right away.

C. L. Davidson, one of the gentlemen who made the investigation of the outlook here, has written that he has been delayed longer than had been expected, but that he would be in a position to return to the city in about ten days.

"Then," he writes, "we shall have a proposition to place before the people of Calgary."

Mr. Davidson is interested in a number of street railways on the other side of the line. He is the manager of the Arkansas Inter-urban railway, and has his head office at Wichita, Kansas.

When Buying Land Don't Always Look for Cheap Land

To support a home you want to be backed by deep rich loam, also good water and a nice piece of timber. With such backing you need not fear want in old age. This is the kind of farms we have at Conjuging Creek and we have a few for sale or to rent. This week we are offering a good 1-4 section reasonable of a deceased farmer and a 1-2 section of a farmer retiring and a few others. Drop us a line. Information free.

Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres more or less.

ENTRY.—Entry may be made for the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon cultivation of the land in each year during the term of three years:

(1) At least six months' residence years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry

under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must "reside upon" the land for the period of six months before the expiration of the term of three years.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

"Two in One"
Shoe Polish
Shines the World's Shoes

It's a Paste, that does the work of liquid and paste—does it twice as well—in half the time. Two applications a week and a few brisk rubs with a cloth every morning—will keep your shoes as glossy as new patent leathers. "Two in One" is a leather food—softens the leather—keeps out moisture—makes shoes last longer—and won't grease the clothes. 10c and 25c boxes. In collapsible tubes, 15c. At all Dealers.

LOCAL

—Train on time.

—A special meeting of the council will be held to-morrow afternoon.

—A party of fifteen young people go to Sandy Lake this afternoon for a week's outing.

—Quite a number from Edmonton are planning to attend the Fort Saskatchewan Fair Friday.

—The Edmonton baseball team go to Fort Saskatchewan to-morrow to play for the Shera Cup.

—A flock of a half dozen ravens flew about over the city for almost the entire noon hour to-day.

—The Manitoba and North West cricket team won the International match in Chicago by 114 runs.

—The Fort Saskatchewan Agricultural exhibition will be held to-morrow and Friday, August 4th and 5th.

—The baseball match, regulars vs. picked, team failed to materialize yesterday evening on account of the rain.

—Chief Railway Commissioner Blair and Commissioner Mills left for the west Monday for the purpose of holding sittings of the commission at different western points.

—Ralph Bellamy, of this city, received the official notification yesterday of his appointment to the Rhodes scholarship for the Northwest Territories. He will leave for England in about a month.

—The regular monthly meeting of the Edmonton fire brigade will be held in the fire hall tomorrow evening, commencing sharp at 7 o'clock. All firemen are requested to be present in uniform.

—E. F. Tims, Edmonton, is placing on the market part of River Lot 11 of the Fort Saskatchewan settlement adjoining the Fort Saskatchewan townsite. This important addition to the townsite will consist of 326 lots, 50x150 with 20-foot lanes.

—The Free Reading Room in connection with the Edmonton Mechanics Institute has been removed from First street west to the Thistle Bank. It is open daily for ladies and gentlemen. Membership with the use of the library is only \$2.00 per annum.

—The gang of men who went down with Rev. John Bros. 17 across to Fort Pitt laden with bats for the railroad construction have returned. A very successful trip is reported. Mr. Cornwall, who was in charge of the party is on his way home by a longer route via Lac La Poudre.

—The Winnipeg Mets defeated the touring Calgary baseball team in Winnipeg by a score of 3 to 2. The game had to be called at the end of the eighth innings on account of darkness and it is claimed Winnipeg scored the winning run from an error in the last innings, caused by the darkness. Calgary will give their team a public reception on its return.

—Charlie Roberts of the firm of Brechin & Cornwall, arrived from Lesser Slave Lake yesterday evening. Mr. Roberts came down the usual river route to the Landing. The "Midnight Sun" on her trial trip to Slave Lake, had unfortunately to face very low water and it was decided not to attempt the rapids on the Little Slave river and so discharged thirty-five tons of her cargo at the old warehouse at that point.

—Rev. Mr. Kerby of Calgary, has commenced a crusade against Sunday baseball in that city. It seems that regular as well as practice games have been played every Sunday and recently while Mr. Kerby was attending a funeral the procession came upon a baseball game in full blast. It seems now to be a choice between Sunday funerals and Sunday baseball games with the strong probability that the latter will have to go.

—Raymond Chronicle: Geo. Austin, of Lehi, agricultural manager of the Utah Sugar Co., accompanied by Dr. Hooker, a sugar beet expert from the East, has been visiting this district this week. Mr. Austin, who was on his fourth trip to Raymond, expressed himself as very favorably impressed with the present appearance of the beet crop, but he did not think so much of the way the farmers have been neglecting irrigation. "Within a very few days, he said, the beets will be in the same condition as the grain is now. It will not do to trust to rain. The rain could not do them much good now, they must be irrigated. There is plenty of water available. It is work that is needed. We have learned the lesson in Utah. We made in and irrigate and thus we have doubled the productivity of the land. I should judge that two dollars an acre spent for irrigating here would increase the value of the

crop twenty-five dollars this fall. That is the pressing need, the way to save a hundred thousand dollars worth of beets and make this country popular."

PERSONAL

Rev. Father McLeigh left this morning for Calgary.

Sergeant Field left to-day on his return to Chislehurst.

Mrs. J. Henderson and the Misses Henderson left this morning for the Coast.

Floyd Fry of Lacombe arrived in the city last night to spend the balance of the summer here.

Wiseley News: Mr. Wm. Mullett, of Edmonton, arrived here last Saturday evening to spend a few days in town, after which he intends visiting Hyde, Pheasant Forks and Lemberg.

Alex. Reid of the Great West Saddlery Co. left for Fort Saskatchewan on Monday evening to look after the harness business of R. J. Velch while Mr. Velch is holidaying in Winnipeg and Regina.

LAC STE ANNE

Mr. L. E. Fontaine, D.L.S., was here last Tuesday and Wednesday getting supplies. He is working near Lac La Poudre.

The annual pilgrimage to the shrine of St. Anne took place last Wednesday, July 27th. The gathering was not so large as last year, probably because the people are very busy making hay. Rev. Father Lezee was assisted by Rev. Fathers Phillipot, Tremblay and Beaudry.

Mr. J. Bishop of Grand Trunk Pacific survey party No. 17 arrived here from camp last Wednesday, on his way to Edmonton.

Mr. Bernard Letendre is building a new house.

Rev. Father Lezee started yesterday for St. Albert. From there he will go to Calgary to attend a retreat.

Mr. A. S. Going, Grand Trunk Pacific engineer and party passed through here last Friday on their way to Edmonton.

Mr. Peter Gunn and his daughter Bessie left on Friday evening for a trip to town. They were accompanied by Mr. A. S. Going.

Mr. J. Gregg arrived from Prairie Creek last Friday. He reports the trail to the mountains to be in excellent condition.
